# MEET KAMI AND KAMANI

Through First Stage's Community Partnership Program and our commitment to access and inclusion, Kami and Kamani have found a home at First Stage.

*"I immediately saw the benefits these classes were providing my son; a strong work ethic, confidence, collaboration and empathy. It has become my personal mission to make sure everyone knows that First Stage exists, that First Stage is an exceptional organization, and that anyone can feel at home at First Stage."*

Like Kami and Kamani, there are thousands of families who consider First Stage their home and with your support, more families will be transformed by the power of theater.
